

FEATURES

- Advanced Functions - Enhances the capabilities of the Solo[®]-6 IR Keypad
- Direct Access - Number keys enable direct access to your favorite radio stations and channels
- Enhanced Control - Add the convenience of shuffle play, repeat, and favorites

INTRODUCTION

Thank you for purchasing the Numeric[™]-6P Weather-Resistant Accessory Keypad. With proper installation and operation, you should enjoy years of trouble-free use. Niles manufactures the industry's most complete line of custom installation components and accessories for audio video systems. To see the complete Niles product assortment, visit us on the Internet at: www.nilesaudio.com.

CONGRATULATIONS!

INSTALLATION

1. The color change kit includes the keypad in white, light almond, and bone. It must be installed prior to installation in the wall. **A faceplate is not included.**
 1. Gently compress the two retaining tabs at the top of the Decora insert, and then lift the top. Remove the bottom of the Decora insert in the same manner. The colored key caps will come off with the Decora insert.
 2. To reinstall, snap the new Decora insert in place, making certain that the buttons are seated over the elastomer sub-buttons.
 3. Test the button action and adjust as necessary.
- Connect the CAT-5 Cable
The Solo-6 IR Master Keypad connects to the ZR-6 MultiZone Receiver by a "home run" of CAT-5 cable
1. The included CAT-5 jumper cable connects from the RJ-45 jack on the back of the Solo-6 IR labeled "Numeric" to the RJ-45 jack on the back of the Numeric-6P labeled "Keypad."
 1. Install the Keypads into a Junction Box
 1. Mount the Solo-6 IR and the Numeric-6P Accessory Keypad into a prior-installed two-gang junction box.
