Niles is now offering a kit that allows dealers to equip the older IntelliControl Main System Unit (MSU) with the new whip style antenna that is being supplied with the new version (Version F) of the IntelliControl. Using this antenna has greatly improved RF performance on many older MSUs not originally equipped with it.

The part number for the IntelliControl Antenna Kit is HK00012 and it's description is "IntelliControl Whip Antenna Kit". Cost is \$30.00.

Below is a list of the parts included in the IntelliControl Antenna Kit as well as a photograph of those parts:
