Subject: Speaker Specifications

Page 1 of 1

The current Niles Confidential Dealer Price Schedule for loudspeakers contains an error regarding loudspeaker impedance specifications. The models affected are:

HD-5
HD-6
HD-8
HD8.3

These models are listed as having a selectable impedance of 4 or 8 ohms.
The actual impedance of these models is **6 ohms**.

If you have any questions or need further assistance please call Niles Technical Support between 8:00AM and 7:00PM, Monday through Friday at 1-800-289-4434.
